NEW EDUCATION CURRICULUM IN ALBERTA

Dear Diocesan Education and Health Chairs,

The Alberta government has released a new curriculum for K-6 that is to be piloted in the fall in a number of school districts. As Education and Health Chair I encourage you to look at it as well as encourage Parish council education chairs to do the same. It is available on the Alberta government website.

It could be a good discussion item for a council meeting and could help individual members gain information on what is happening in our Alberta schools.

If individual council members have concerns, they then could express them to their MLA.

Blessings, Gerda
