### CHRISTMAS GREETING

Greetings from the much colder part of Canada!!! Sending love and holiday wishes from our bubble to yours.

Well, 2020 was one crazy year and still is... Christmas is definitely going to be celebrated so different. We all want to celebrate it with our families, loved ones, and with our sisters in the league but with the current pandemic crisis, we will have to be creative to be able to get in touch and send our love with everyone.

And this love is the reason why Covid-19 can't stop our diocese in helping, supporting, and assisting our sisters and brothers in need.

Our usual Christmas get together with our sisters won't be the same. One council decided to just meet up at a restaurant in a small group just to see each other face to face- of course with masks on! Whatever way we'll celebrate Christmas, the love in our hearts is burning and always finding ways how to share to our brothers and sisters!

May the magic and wonder of Christmas be with you all! Sending you warm hugs in this cold, winter nights. Stay safe and lets all hope for quarantine free New Year!!!
