Past President's Report to Fall Meeting
September 12, 2015

Since the June 2015 Provincial Convention I have completed the following:

- Answered any questions that were asked by the Provincial President
- Registered as a researcher at the Provincial Archives of Alberta, obtained a list of current archives in order to determine what needs to be submitted.
- Generally the last records are from 2005, so I have ten years to catch up on. I will be contacting life members to see if they have any of the items that are to be archived. I have received a list of everything pertaining to Provincial Council in the archives, and a copy has been included with my report. I will be filing in the archives any documents that our council has produced, or any documents where our council is mentioned, including newspaper clippings. I will also be archiving selected photos. I have started by gathering everything that I have in house, and am anxiously awaiting everything the executive will be bringing to the fall meeting for possible archival submissions.
- I have prepared the draft of the provincial policies for review at this meeting.

Respectfully submitted,

Dorothy Johansen
Alberta Mackenzie Past President
