

You Too Could Be Called to Be His Instrument

As one of the members of the Catholic Women's League in the province of Alberta stands before the Merry Christmas sign in her home town this past Christmas, she reflects upon the journey that brought her here.

After several years of viewing only "Season's Greetings" in front of the town hall, she felt it was time to lobby for a sign depicting the true meaning of Christmas. When her attempts to enlist the support of churches in the town failed, she felt like giving up.

Then this past year, after being diagnosed with a serious illness, she began to feel very strongly that the Holy Spirit was urging her to persevere. Sick as she was, the Holy Spirit would not let her rest! She made phone calls and wrote letters to her town council personally to make her request. Finally, success!

She is proof to all of us that, with the help of the Holy Spirit, even one person can make a difference.
